# THANK YOU!

Presbyterian) CANCER CENTER

Presbyterian) HOSPITAL HUNTERSVILLE

The Lung Strong 15K/5K benefits the LUNGeVity Foundation, a 501(c)(3) non-profit organization dedicated to funding lung cancer research.

The LUNGeVity Foundation is the nation's fastest growing lung cancer charity. Its mission is to reduce, by half, the number of people who die from lung cancer by the year 2020 and to provide a community for those impacted by the disease. By funding research into the early detection and successful treatment of lung cancer, LUNGeVity works to extend the lives of lung cancer patients and ensure a higher quality of life, post-diagnosis. For more information, please visit:
